ELEVATE EGG DONORS

At Elevate, we believe the path to parenthood should feel supported, clear, and thoughtfully guided. That's why we've created a comprehensive egg donor program designed to streamline the process and remove uncertainty—so you can move forward with confidence.

We know that hidden fees and inconsistent communication can create unnecessary stress during such an important time. Our all-inclusive program eliminates those concerns, offering transparency from the start and expert support at every stage.

What truly sets Elevate apart is our team. Our experienced, dedicated case managers are among the best in the field. They provide highly personalized guidance, seamless coordination, and compassionate care—ensuring you always feel informed and supported.

With all the essentials built into our program and a dedicated team by your side, you can focus on what truly matters—growing your family with peace of mind and trusted support.

At Elevate, we're here to make this journey feel as smooth, secure, and supported as it should be.

DETAILS

Included in Elevate's Egg Donor Program:

- Full psychological evaluation and PAI (Personality Assessment Inventory) for your donor.
- Genetic counseling by Advocate Genetics for your donor.
- Legal representation for intended parents.
- Legal representation for egg donor.
- Escrow management to ensure secure and transparent financial handling.
- IVF complication insurance for your donor.
- A guarantee of medical clearance for your chosen donor.
- A guarantee of at least one viable, PGT-normal embryo or recycle fees are on us.

DETAILS

The Guarantee:

1.) Your donor will be medically cleared by your physician. If your donor is not cleared by your physician (low AMH, AFC, Infectious Disease Testing, Carrier Screening match, or any other medical reason) then you will be rematched with an Elevate donor of your choice and not be responsible for any additional coordination fees, psychological assessment fees, AMH fees, or genetic counseling and pedigree costs. Sometimes a donor is not medically cleared because of a matching carrier mutation with the Intended Parents). Even though the Intended Parents are partially at fault, our Elevate Guarantee still stands and our agency will cover any additional psychological and/or genetic counseling and pedigree fees that would normally be incurred.

2.) You will have at least one (1) post-PGT viable embryo. The Guarantee Package provides you with the assurance of having at least one (1) viable embryo following preimplantation genetic testing (PGT). A viable embryo is defined as one deemed suitable for implantation by an IVF physician during the embryo transfer procedure. In the event no viable embryo is obtained, you will have the option to be matched again, either with the same or a different Elevate donor, at no extra expense*. This includes a waiver of additional agency fees, psychological evaluation and genetic counseling fees for the donor, coverage of legal fees for both the intended parent(s) and donor, additional escrow services, and an additional IVF complication insurance policy – all covered by Elevate.
