STANDARD PACKAGE

ELEVATE SURROGACY

At Elevate, we believe the path to parenthood should be as beautiful and seamless as the moment your family begins. Our surrogacy program is thoughtfully designed to remove the typical barriers that can delay progress, create unnecessary stress, or result in unexpected costs.

We understand that transparency is essential—especially when making such a meaningful investment. Too often, agency fees are clouded by hidden expenses. At Elevate, we've refined our approach with a simplified, transparent pricing structure that offers clarity and confidence from the very beginning.

Our Inclusive Pricing Structure encompasses many of the essential services others often treat as add-ons. From surrogate life insurance, psychological evaluations, and home studies to background checks, escrow management, and comprehensive legal support—including contract drafting, court document review, and securing the Judgment of Parentage—these key elements are all included.

By streamlining the process and removing uncertainty, we allow our clients to focus on what truly matters: welcoming your child into a world built with intention, care, and love.
